Never mind, everyone. I figured out that if I send him one email each day it is doable. It is just meeting notices and agendas and really nothing else that I can think of. Thanks, anyway, but your help is no longer necessary as I've figured out a viable solution.

Hi All,I have received a request, (below)from someone named Adrian Riskin, for copies of all emails in the Sherman Oaks BID's possession that have anything to do with the L.A. Bid Consortium. He says it is my legal, contractual obligation according to the Public Records Act. I am unable to do this without spending hours upon hours because the emails were all

sent to my Yahoo email address, which doesn't let me forward them as a group and I'd have to open each one, one at a time, which would take forever since there are scores of them. He said all of us are legally obligated to do it but that no one has helped him. Can anyone else comply with this?

Please let me know. He is harassing me about this. I feel like there is an unspoken threat that he will sue but I haven't come right out and asked him and don't want to. I'm not sure who he would sue? I've told him the emails are just meeting notices and a bunch of nothing but he doesn't care. I can't imagine what he is looking for. Please let me know if you can help and your thoughts or suggestions as to how I can deal with this.

Best,

Dear Ms. Elkan,

I'd like to obtain copies of all emails in the

possession

of anyone at

the VSOBID that have to do with the LA BID

Consortium (in

the sense of

being to, from, or mentioning the Consortium or its
representatives)

from January 1, 2015 through July 23, 2016.

I'd like these in their native electronic

format or, if

that's too much

trouble, as PDFs with the attachments attached

to the PDFs

(Outlook and

most modern email clients can generate PDFs

like this). In

the worst

case scenario PDFs with the attachments

supplied separately

but in their

native formats would be acceptable.

If you could share this material with me via Dropbox

that would be

ideal. Please let me know if you need an

upload link and I

will provide

one.

I look forward to hearing from you by August

2, 2016, as

mandated by the

California Public Records Act.

Thanks for your cooperation,

Adrian Riskin
